STATE'S FINANCIAL CONCERNS.

Returns for Fiscal Year Show Large In crease in Deposits-State Tax on Deposits \$257,758.

The biennial returns made and com pleted Sept. 1 by the savings banks and trust companies of Verment to the office of State Commissioner of Taxes J. E. Cushman of Burlington show that there was for the period ending June 30 an average of deposits of \$74,269,790.01, or an increase during the pay fiscal year of an increase during the past fiscal year of \$5,397,596.15. The amount which the state receives on its tax of seven mills on the dellar for the past six months, is \$257,-758.44, or about 41 per cent of the total corporation taxes collected. The deposits have almost doubled in

the past 11 years and the growth has been steady during that time. The aver-age amount of real estate held by the banks has shown a steady decrease and this is favorable to the showing as the real estate held by the banks is principally the building occupied and produces nothing. The amount of United States bends has also decreased steadily and at the last showing was only \$68,333.59, compared with over a million in 1900. The average deposits in excess of \$2000. has also decreased to a large extent and for the last period was only \$201,027.12, as against \$705,466.92 the preceding six months and \$1,226,595.34 in 1860. The returns completed August 31 from the 50 savings banks and trust companies in Vermont make the following show

Total taxes collected during six months anding June 30, 1911, \$257,759.44; taxes ollected during six months ending Deember 31, 1910, \$247,138,29; total taxes center 31, 1910, \$247,188.28, total taxes cullected during six months ending June 30, 1910, \$238,859.43; or a gain of \$10,-621.15 in the past six months and \$18,-890.01 over the corresponding period the

BERNARDSTON, MASS.

Rev. David Cronyn, 72, a widely known Unitarian minister and writer on public questions, died in his home in this town Sunday after a long illness. He was a native of Buffalo, N. Y., and in his early manhood after graduating from Harvard was pastor of a church in Montague. He labored many years in San Jose and San Diego, Cal. Deafness caused his retirement and he settled on a farm in Bernardston. His wife died in 1905. He leaves three daughters and two sons. leaves three daughters and two sons.

POINTERS FOR MOTORIST.

The Smallest Particles of Foreign Matter in an Envelope Will Ruin the Inner

A motorist may find that an inner tube has been injured and perhaps ruined from no apparent cause. Upon examination small holes will be found in its surface, the only logical reason for their presence being apparently poor tube ma-terial. This, however, is seldom the cause, says the Michelin tire man. The real trouble lies with the motorist. He has carelessly fitted the tube allowing small particles of mud and dirt to enter

small particles of mud and dirt to enter the envelope, the air pressure from within the tube and the external pressure having combined to grind the foreign matter into the tube.

When fitting a tire it is not enough to simply clean the envelope and tube. Care should be taken to admit no mud or sand during the operation. The tire levers should not be left lying on the ground as they will collect dirt which may find its way into the envelope.

Many subjects on the proper care of tires and tubes are instructively discussed in two books issued by the Michelin Tire company of Milltown, New Jer-
